YORK WILTON

York Wilton offers a comprehensive palette of 60 colours in an array of plain and heather yarns, with gently textured twists conveying a simple yet classic style.

The heathers add a softer, contemporary feel to the range by blending more than one colour into the twist.

Combining the softness, comfort and warmth of wool with the hard wearing properties of nylon for optimal performance, York Wilton is suitable for extra heavy wear.

The diversity of York Wilton's extensive colour palette allows for coordination with Ulster's wide range of woven Axminsters.

Marking 30 years of success

We have marked the the 30th anniversary of York Wilton with the launch of 11 new colours.

York Wilton was first introduced in 1993 and over the last three decades it has been a mainstay in the Ulster Carpets collection.

In this new release of colours, we have introduced warmer neutrals and earth tones. Matching the current trend of home-owners bringing the outside in, these stylish colours reflect feelings of safe, warm spaces at home.

Colour names such as Alabaster, Limestone and Hessian connect with earth's natural materials while Tapestry, Porcelain, Ecru, Stoneware and Quarry echo relationships with our resources.
